

Expert Staff

Every team member is a skilled facilitator with at least 5 years of professional experience. Our expertise ranges from chapter development to assessment, from management to student affairs, and more.

Proven Curriculum

Every program is evaluated for student satisfaction, learning and organizational change, and we continuously make adjustments in order to produce stronger outcomes. As a result, we consistently receive the highest marks at each level.

Measured Results

Each project is assessed using a pre-program survey, a session evaluation and a 45- and 90-day follow up. Clients receive an executive summary of our findings and suggestions.

Affordable Rates

All of our rates are based on a full day of programming and are inclusive of fees, travel and other expenses. A variety of discounts and packages are available.

Custom-Designed Services

RISE is intentional about everything we do. In order to provide you with the greatest value from our services, our programs are tailored to suit the specific characteristics of your organization.

Advancing the
Interfraternal Community
through Education
and Innovation.

RISE is proud to celebrate 10 years of service to national fraternities and sororities. With this milestone, we recommit to the interfraternal movement and dedicate ourselves to advancing our service to you.
